MISS JENNIE DIBENEDDETTO AND JAMES C. ROLAND, JR., MARRIED SUNDAY.

Miss Jennie Dibenedetto, daughter of Mr. and Mrs. Joseph Dibenedetto and Mr. James C. Roland, Jr., son of Mr. and Mrs. J. C. Roland of this city, were married on Sunday afternoon at 2 o'clock at Our Lady of the Gulf Catholic church, the right Reverend Monsignor A. J. Canoa, officiating.

The bride was given in marriage by her father and wore a street length dress of white silk with a hat of white plumes. She carried a white prayer book covered with a white orchid and from which cascaded the long strands of white satin ribbon and tulle roses. She had as her maid of honor her sister Miss Mary D. Dibenedetto who wore a dress of flesh silk with a hat made of flowers of a matching shade and carried pink sweetheart roses. Mr. Roland has as his best man Mr. Leo Blaise, Jr. The ushers were Joseph Dibenedetto, Menou Arceneaux and J. D. Horlock, Jr.

Mrs. George Guilbault played the Bridal Chorus from Lohengrin for the entrance of the bride party and for the processional she played Mendelssohn's wedding march. During the ceremony Miss Gloria Seymour sang "On This Day O Beautiful Mother," and "Ave Maria."

The altar of the church was decorated in great clusters of white gladioli and the seats were marked with bows of white tulle. A reception was held at the home of the bride's parents in Carroll avenue where a large number of out-of-town relatives and friends joined the local friends and relatives to offer congratulations to the bride and groom. Here the bride cut her three-tiered cake which, resting in a nest of tulle, centered a beautifully appointed table covered with a white drawn-work Mexican cloth. Short silver ribbons extended from the base of the cake to which were attached the gladioli blooms and from the cake extended the long ribbons by which the young girls read their future. The reception rooms of the home were bright with gladioli and asparagus fern held in tall floor baskets.

For traveling the bride wore an aqua wool two-piece suit, brown hat and brown accessories. Upon their return from their wedding trip they will be at home in the Sport cottage on South Beach.

The bride is a graduate of St. Joseph Academy and of Soule's Commercial College, New Orleans. She was on the clerical staff of the United States government at Baton Rouge during the war.

Mr. Roland is a graduate of St. Stanislaus and entered the U. S. Army in the early days of the war. Most of this time he served in the European area and attained the rank of Major. At present he is office manager of the Coast Electric Power Association here.

Many good wishes are extended to the couple at this time and in their journey through life.

SARTWELL-BORQUEOIS

A wedding of much interest on the Mississippi Gulf Coast and in Louisiana was that of Marie Theresa Sartwell and Randolph Bourgeois, which was solemnized on Saturday, September 7th, at St. Joseph Catholic Church in Baton Rouge, Louisiana, with Rev. Father Lester J. Schnayder officiating at the ceremony.

White gladioli banked the Altar and more of the same blossoms were in baskets at the chancel before a background of tall palms. White tapers burned in standards at each side. Ties of white satin ribbon, gladioli and fern marked the family pews. Before the ceremony the Ave Maria and Panis Angelicus were sung.

The bride, only daughter of Mrs. Mildred Ledet Sartwell, was given in marriage by her uncle, Mr. Wiley Sharp of Hammond, La. She was radiantly lovely in a gown of white satin and trim with lace. The bodice of white satin was fashioned with a V-neckline edged in lace and the long tight sleeves ended with a lace ruffle. Her full skirt of net fell into a train, with a deep ruffling at the edge, lending a quaint old fashioned effect. She wore a finger tip veil, which was held with a becoming coronet of seed pearls, and her only ornament was a string of pearls, gift of the groom.

Mrs. Wiley Sharp of Hammond, La., aunt of the bride, was matron of honor.

The bridesmaids were: Barbara Galloway, Latoria Bourgeois, the groom's sister, of Bay St. Louis; Elizabeth Johnson of Pensacola, Fla., a schoolmate of the bride, and Anne Mae Efferson of Holden the bride's cousin. The delicate hues of the rainbow were emphasized in the gowns of the bride's attendants.

Mary Jo Miller was the flower girl.

The groom, son of Mr. and Mrs. Randolph Bourgeois of Bay St. Louis, had as his best man, Mr. A. J. Seaside of Bay St. Louis, while the groomsmen were Donald Arceneaux, and Frank Kiefer of Bay St. Louis, Lee Bartholomew of New Orleans and William Galloway of Baton Rouge.

Guests were received by members of the wedding party, and by Mrs. Sartwell and Mrs. Bourgeois. The table was overlaid with a handsome lace cloth with a tier wedding cake encircled with white gladioli.

On last Thursday C. C. Stone, Johnson Shaw, Fitzhugh Lee, Hubert Duckworth and A. G. Favre, left Bay St. Louis for a three day tour of North Mississippi hunting good quality cows to be used to increase herds of Cooperative dairymen.

Tupelo and Mississippi State College were visited. These places being the center of the largest dairy section of the State.

The party reported this section prosperous, and related many stories of the activities of the farmer, and the methods used by the dairy farmer in that section, which shows a well planned program.

On their way home, the party attended the Mississippi State-Chattanooga football game at State College on Saturday afternoon.

S. J. A. Mothers Club Meeting Held Tuesday

On Tuesday afternoon, October 1, a very interesting meeting of the St. Joseph Academy Parents' Club was held in the gym with thirty-two members present. Reports were given by Mrs. V. Lizana, chairman and the class mother, on the membership drive. It was stated, the recent inclement weather made it impossible to contact many parents. Because of this, the drive was extended until the November meeting. However anyone may join at any time during the year.

Definite plans were completed to provide care of pre-school children during the meetings. High school girls will be requested to remain on the afternoons of the meetings, to entertain and look after the little ones. There will be enough girls to care for various age groups. Thus, it is expected that more mothers will be free to attend.

A very beautiful Rock Crystal bowl by Cambridge, was donated by Mrs. V. Lizana, to be used as the year attendance prize. Each month the ladies will sign their name on slips of paper which will be dropped in a sealed box. At the last meeting of the year, a name will be drawn and that lady will receive the bowl.

Further plans and suggestions were made in regards to the year's project, the shelter for the children on rainy days and paving of the driveway.

The attendance prize for the day was won by Sister Pauline's class. The meeting was closed with a prayer by Mother Blanche. Tasty refreshments were served by the co-hostesses for the day, Mesdames Enrante and Elliott, during the social hour.

Court House Entered By Prowler

On last Friday night some prowler entered the Courthouse through a window in Chancery Clerk's office. He paid a visit to the office of the Sheriff and the Superintendent of Education. He also broke open the door of the concession stand of Mrs. Lillian Carver the blind lady, which is located in the hall way on the lower floor of the courthouse.

The only loss that could be checked was a roll of postage stamps that was taken from the clerk's office.

The lights in the offices that were entered were let on and the doors of the Sheriff's and Clerk's offices were left open.

Regular Monthly Meeting Of N. C. C. W.

The regular monthly meeting of the Bay St. Louis District of the National Council of Catholic Women, will be held Wednesday, October 9th in the St. Joseph Gym, at 3 p. m. This is an important meeting as the names of the new officers will be announced. Returns From Convention

Mrs. Louis Pate, National delegate to the international convention of the National Council of Catholic Women at Kansas City, says the convention was wonderful and that it was a privilege to be there and to represent the Bay St. Louis district of the NCCW.

Among the 1400 women present were delegates from Argentina and Mexico, ten Bishops, a Papal delegate and many priests. Uruguay sent a table regretting not being represented.

The general theme of the convention was Peace and one of the strong discussions was on the point of acquiring the knowledge and use of foreign countries and thus establish a better understanding of these countries. The placing of displaced families and individuals was also stressed and we as a country was admonished to continue the sending of clothing and food to the unfortunate.

Mississippi will hold its convention at Natchez on October 12 and 13 and Bay St. Louis will be represented by Mrs. Pate who has been appointed to the state board.

Mrs. Pate was very favorably impressed with Kansas City but says Bay St. Louis suits her as a place to live.

Meeting of Episcopal Guild Held

A. G. Favre Will Head Hancock County Democratic Finance Committee

At the request of Governor Thomas L. Bailey, A. G. Favre, will lead the Hancock County Democratic Finance Committee, to assist in raising \$25,000.00 in Mississippi to aid the National Democratic Committee in the coming Senatorial and Congressional elections throughout the country. The Democratic Party is making a fight to retain control of Congress.

Governor Bailey's letter to the County Chairman sets out good sound reasoning why we should make some contribution to our party at this time, and we are quoting his letter:

September 27, 1946
Honorable A. G. Favre,
Bay St. Louis, Mississippi
Dear Mr. Favre:

The many benefits that have accrued to the south and particularly to Mississippi people as the result of our party being in power cannot be ignored at this time when the party organization is asking us to help them retain control of Congress.

The loss of either House would prove disastrous to our state in that the Chairmanship of many very important Committees now held by Mississippi Congressmen would pass to Eastern Republicans.

Thinking of the continued welfare of our people I am calling on you to serve in the capacity of Chairman of the Democratic Finance Campaign for your county. I know that you will do a good job. The quota assigned your county is not large and certainly there are many men in your county who have benefitted from the laws passed by our National Democratic Administration.

These men as well as others who are in sympathy with the party, should be cheerful contributors to the support fund at this time.

The amount of the quota for your county and literature has been mailed by the National Democratic Executive Committee of your county.

All checks should be made payable to Judge Herbert Holmes, Treasurer, State Democratic Finance Campaign, Senatobia, Mississippi. Each contributor will receive an acknowledgment card direct from the National Treasurer in Washington.

J. B. Snider, who was selected as State Director, will communicate with you and I urge you to cooperate with Mr. Snider in his plans to the utmost.

Sincerely yours,
THOS. L. BAILEY
Governor.

May we ask that all good Democrats send in a check to the County Chairman payable to the State Treasurer so that we in Hancock County may meet the small quota that has been assigned to us. At this writing we have not as yet received notice of the amount of our quota, but as stated by the Governor it will not be a large one.

MILLION FOR THE MASTER CAMPAIGN CLOSES

The campaign of the Mississippi and North Mississippi Conference of the Methodist Church to raise One Million for use in five specific Methodist causes and institutions in the State of Mississippi came to a close September 30 and this week is being used to gather up the loose ends in order to make a complete report on Sunday, October 6.

Rev. Philip E. Pierce, pastor of Bay St. Louis Methodist Church reports that it has been impossible for him and his committee of workers to contact all of the members and friends of the local church and urges all who wish to make a contribution, in cash or pledge, to do so on or before next Sunday by getting in touch with him or his campaign committee; Dr. J. A. Evans, John J. McDonald and H. J. Thompson.

Underdog Rocks Barely Lose to Aloysius, 7-6

A highly favored Aloysius football team found itself manhandled, mauled, outplayed and almost beaten by the Stanislaus squad last Saturday night in New Orleans. Being over eager, excited and green cost them the ball game, but the locals found that it can be done.

The Rocks made 9 first downs to Aloysius three; received a blocked punt in Aloysius end zone only to have it called back because of an offensive penalty; crossed goal line twice but were called back because of offensive penalties and fumbled on the Aloysius six yard line after an 83 yard sustained drive.

Millets, a halfback, with his natural football ability is liable to make local fans forget the great Doc Blanchard, while fullback Fris and tackle Lachaussee helped him deal misery to opponents.

The Rocks chawed visit Moss Point Friday night, October 4 for a night game under the lights of the Moss Point stadium. All members are urged to be present.

Dislocates Knee

Alden Mauffray is in the Baptist Hospital, New Orleans, as a result of a fall which dislocated his knee. Mr. and Mrs. Mauffray attended the Fair at Kiln on Sunday and in attempting to get up on the stage, Mr. Mauffray wrenched his knee. At first it was not considered too serious, but he was taken to New Orleans where it was discovered that the knee was dislocated. His condition is in no wise considered alarming but he is suffering some and has had some temperature.

Regular Meeting of Kings Daughters and Sons

The Bay St. Louis Circle of Kings Daughters and Sons will hold their regular monthly meeting at the hospital on Monday, October 7 at 8 p. m. All members are urged to be present.

Meeting of Central P. T. A. To Be Featured By Program Given by Mrs. Carl Smith

The October meeting of the Central P. T. A. to be held October 8 at 3:30 at the Bay High school will be featured by a program given by Mrs. Carl Smith. This program on Education for Responsible Parenthood was started in the state in answer to the demand from youth groups for information on dating, boy-girl relationships, emotional development, etc., as well as from the leaders of these groups and from parents who were finding it increasingly difficult to help their children in the problems of today and wanted specific information and adequate training in "how to be a better parent."

The program grew so fast demands for trained leaders came so rapidly that the program soon exceeded the possibility of being carried on by volunteers. Therefore, a professional basis has been set up for it. "This necessitates financing," says Mrs. Ralph Hester, Jackson President of the M. C. P. T. "The State Congress has given \$1000 to start the program off. But we feel it our responsibility as well as our privilege to continue to help so fine a program in parent education. Therefore, we are asking all our units to make a large birthday gift in October and mark it ERP."

Mrs. C. C. McDonald is Program Chairman.

St. Stanislaus Organizes Student Council

St. Stanislaus has organized a student council as a partial student government for the school. Members of the council were elected by the high school student body to serve for a term of six or eight weeks. This to be definitely decided by the members of the council and also time of meetings.

The council is composed of Senators: Robert Johnson, Joe O'Donohue, J. H. Bonck, Graham Cavoch, Robert Buford Edward Caire; Juniors: Bobby LeBlanc, J. D. Abadie, Jack Carter and Joseph Fasold; Sophomores: Frank Domingue, Teddy Millette and Walter Egan; Freshmen: Ursula Laurent and Chapman Stewart.

These boys will make new rules for the school which will be subject to Broter Peter's approval.

RED CROSS

Representatives from Hancock County Chapter of the American Red Cross will attend a chapter institute at Biloxi, Mississippi October 7-8, where plans will be formulated for Red Cross Service programs for the coming year, and for the annual fund campaign next March.

The Chapter Chairman, Executive Secretary and chairman of the various branches of service within the Chapter are planning on attending this two-day institute.

Discussions will revolve around chapter three-fold responsibility for meeting growing needs for normal peacetime services and at the same time continue welfare and recreational aid to war veterans, their widows and their families, and relief to the needy of war-ravaged countries. To carry this load adequately, most chapters, Hancock County chapter among them are seriously in need of more volunteers, one of the pressing problems coming up for discussion at the institute.

In addition to chapter forums on problems peculiar to individual chapters, the two-day sessions will include presentations by members of the administrative staff of the organization's Southeastern Area Headquarters in Atlanta, Ga. Area directors of Fund raising and Public Information and a number of community services will lead discussions on their respective services; First Aid, Water Safety and Accident Prevention, Nursing, Junior Red Cross, Nutrition and the Volunteer Special Services, such as Production, Nurse's Aide and Home Service Corps.

Veterans' News

Contracts with the Louisiana and Texas state medical societies to provide home-town medical care for veterans with service-connected disabilities are in the final stages of negotiation, the Veterans Administration revealed this week.

At the same time, VA, through its Central Office in Washington, D. C. is seeking contracts with state hospital associations in the Southwest on a standard schedule of hospital costs so that VA can utilize more private hospital facilities for veterans with service-connected ailments.

Signing of these contracts will enable eligible veterans to get good medical care in their own communities and in many instances will eliminate the necessity of making long trips to VA hospitals for treatment.

More than \$7,000 worth of movie equipment designed for bed-ridden patients, has been donated to Veterans Administration hospitals in Texas, Louisiana and Mississippi by the Texas Variety Club.

The organization, made up of Texans in the entertainment industry, raised the funds and purchased the equipment so that veterans confined to their beds by war injuries or sickness would be assured of entertainment at all times.

The Variety Club's gift included 22 light and portable projectors with prismatic lenses to throw movies on the ceiling or an overhead screen. Each projector is equipped with 3 headphone sets, which enable selected patients to listen to the movie dialogue without disturbing others in the ward.

QUESTIONS AND ANSWERS

How can I arrange to have my National Service Life Insurance premiums deducted from the disability compensation checks I receive from Veterans Administration?

A. You can do this if you go to any Veterans Administration office and fill out a form authorizing VA to make the deductions from your compensation payments.

Q. I have been turned down by a lending institution for a G. I. guaranteed loan to buy a business. Does this mean that I can't get a G. I. guaranteed loan to go into business?

A. No. If one lender turns you down, try another one. The fact that one lender is not interested does not indicate that your proposition is not sound.

Q. Before the G. I. Bill was amended, I used up my whole guarantee of \$2,000 to buy a farm. Now that the maximum guarantee has been increased to \$4,000, would I be entitled to an additional \$2,000 loan guarantee if I wish to purchase more land?

A. Yes. If you used part or all of your loan guarantee before the Serviceman's Readjustment Act (G. I. Bill) was amended last winter, the amount of loan-guarantee credit used is deducted from the amount for which you are eligible under the amended bill, and the remainder is the amount of guaranteed credit which you may use in obtaining future loans.

Q. Can I change the beneficiary or beneficiaries of my National Service Life Insurance without letting the beneficiaries know anything about it?

A. Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent by notifying Veterans Administration. For further information, the veteran should consult the nearest VA office.

40,000 DEAD; 1,000,000 INJURED!

APPROXIMATELY the entire Baltimore area was wiped out yesterday by an atomic bomb that killed forty-thousand citizens outright and injured over a million others! The blow came as a complete surprise and the Red Cross in Washington is organizing all its facilities in an effort to save as many lives as possible.

If you had read the above paragraph on the front page of your newspaper, the shock would have been genuine and officials throughout the country would in all probability take immediate precautions to prevent the same tragedy in their town.

But this year, that same number of casualties is taking place in motor vehicle accidents. Records compiled already this year indicate we are setting a new high in highway horror. And there are facts that make the accidents of 1946 more disturbing to you—the careful driver—this year than ever before.

The last year when we set a record in slaughtering human beings on the road was 1941. Ninetythree per cent of all automobiles in those accidents were in good driving condition. This year the per cent in good condition has dropped to about two-thirds, 67%.

Experiences of the largest automobile protection insurance company, which writes twice as many policies as any other, show that this year's accidents are twice as frequent as those for the same period of time in 1945. All of which adds up to a good jump for a lone year. That jump is reflected in higher payments on automobile policies, which are being asked today all over the country.

Even if you are lucky enough to escape damage on the highway, you will pay part of the growing cost in insurance rates. Experts in this country, who have studied the traffic problems say that the danger will become even more complicated and greater in coming years; they estimate that half a million citizens will die because of traffic accidents in the next ten years.

That waste of human life is, for a great part, unnecessary. The President's Highway safety conferences recently declared that "One of the most positive challenges to public action today in the United States is need to reduce traffic accidents." The conference concluded that, "If there ever was a need for unselfish devotion to a single cause, it exists today in our quest for highway safety."

The conference is right in its conclusion. All of us will agree. But we must exert every effort to cut down the accidents in Hancock County.

JUST ANOTHER YEAR?

NOW that you have secured a firm grip on the run of things, don't make the mistake of settling back, stretching your legs and in general, waiting patiently for the end of just another year. If this is your idea, you can chalk off a wasted year.

"Not to go forward is to go backwards" is a hackneyed expression which has become such because of its absolute truth. This axiom may be well made the guiding light of this school year. If you don't resolve to accomplish a little more during this session then you have reached the stagnant stage—a period which allows only for decay.

You can always find room for improvement. Rapid strides are impossible and very disappointing. Aim at slow and patient development. It will be as the growth of an oak—slow, but when completed, solid.

Look first to your spiritual life. A holy man is a happy man. More can be accomplished when the soul is at peace. No man is strong enough or wise enough when he depends on his own power. He is doomed to very limited service when he can no longer look up and recognize one greater. Severe tests will come sooner or later. If you have only yourself to depend on, soon you will be lost. However, trials can be shouldered bravely when you know that Our Lord is there to help.

You can expect trials from school itself. This is the time for you to forget your past troubles and woes. They are gone, so bury them. Start from scratch and see to it that your conduct will make others forget any faults of your past. Don't let any subject defeat you. Remember the words of an old mathematician, "What one fool has done, any fool can do."

Rounding off your improvements for the year is your social life. This doesn't mean brushing up on your vocal chords or your dancing. It simply means to make yourself agreeable. It means mixing with one and all. This can be best done by participating in as many activities as possible. You will learn how to get along with others. In short, be the true Christian Gentleman.—St. Stanislaus Rock-A-Chaw, Sept. 28, 1946.

HISTORICAL

Adams County, oldest in the state, was established, April 2, 1799, after Mississippi Territory was formed on April 17, 1798. The county was named for John Adams, second president of the United States. The area of the county is 426 square miles and the population, 1940 census, 27,218. In 1945 Adams County had 1,259 farms; averaging 118.6 acres. Total acres in farms 173,015. Value of farm lands and buildings \$3,817,552. Before the days of the boll weevil, Adams county was one of the best cotton producing counties in the South, and there is a tradition, if not a positive fact, that prior to the War between the States, Adams was the wealthiest agricultural county in the United States. Many of the colonial homes in the Natchez area visited every spring by people from all parts of the United States and some from foreign countries, were the homes of cotton planters in the years before slavery was abolished. Mississippi's first Constitution was formed and adopted in Adams County, at the town of Washington six miles from Natchez.

TRAFFIC DEATHS

In seven months of 1946, with six states reporting only on six months, 18,280 people were killed in traffic accidents, according to figures released in the current issue of Public Safety magazine of Chicago. This was nearly five thousand more than were killed in the corresponding period of 1945. In Mississippi in the first six months of this year, 290 people were killed in automobile accidents, as compared with 123 in the same period of 1945, 214 in 1941. The highest number ever killed in the first six months of any year in Mississippi is the number killed in 1946.

IMPROVEMENTS

During the recent war our progressive business men could do little to improve their stores but now that materials are again available, we have noticed a number of additions and improvements to some of the local stores, in Bay St. Louis. For instance, the new shoe department and warehouse that has been annexed to Mauffray's Drygoods Store, owned and operated by Mr. Octave Delph.

Mr. Delph stated, his building came already built and he simply had to put it together, as it is one of the pre-fabricated types, so widely advertised.

The shoe department is most attractive, as there is room for the display of many styles and customers may be comfortably seated while awaiting their turn.

As a warehouse is always essential this spacious addition proves invaluable.

ORTE THEATRE SUNDAY - MONDAY "COURAGE OF LASSIE"

In Technicolor — Starring Lassie in a New Adventure With Elizabeth Taylor, Frank Morgan, Tom Drake

A collie almost runs away with the honors in "Courage of Lassie" the photographically stunning and dramatically moving Technicolor picture brought to the Ortte screen by M.G.-M., with Elizabeth Taylor, Frank Morgan and Tom Drake as the human members of the cast, and Lassie as the dog star whose intelligence and acting perception are almost unbelievable.

Here is a picture which unashamedly and in glowing pictorial terms reaffirms the declaration that the dog is man's best friend. Reuniting the appealing Miss Taylor and Lassie of "Lassie Come Home," fame, it tells a tender and often gripping story of the devotion of the youngest member of a sheep-raising family to a stray collie pup. In the face of repeated discouragement and with the help of Frank Morgan, playing a kindly neighbor, Miss Taylor trains the collie, called "Bill," to be a discerning and obedient sheepdog.

It is the period of the war and "Bill's" training makes it self manifest that he is subsequently "inducted" at an Army Dog Training Center, and after basic instruction from Sergeant Tom Drake, is sent to do messenger work in the midst of the thickest fighting on Attu. Here, after being cited for bravery in combat, "Bill" becomes a victim of battle fatigue and goes berserk under the strain. Returned home, he becomes a vicious killer of sheep and is finally caught and condemned to die. His fate is decided at a courtroom trial as dramatic as any ever held for a human criminal.

Lassie is without doubt the most remarkable dog star to appear on the screen in recent years and his every action before the camera holds one fascinated. To turn to the human members of the cast—Miss Taylor is delightful as the picture's young heroine; Morgan offers one of his rare serious portrayals as the understanding rancher and; Tom Drake give that straightforward sincerity to the role of the young Sergeant that has marked him as one of the

Anyone having any problem concerning the Veterans Administration is cordially invited to contact Mr. Stokes and avail themselves of his service. Mr. Stokes will advise with Veterans, their families or other beneficiaries on any problems concerning insurance, pensions, compensation, Vocational Rehabilitation, Education or Training, Loans, Surplus Property, Medical Care or Hospitalization or any other benefits administered by the Veterans Administration. QUESTIONS AND ANSWERS
Q. What amount of guaranty may be issued on behalf of any one eligible veteran?

A. Up to \$4,000 on real estate or up to \$2,000 on personal property business loans, and not more than 50 per cent of any loan may be guaranteed.

Q. If part of the guaranty has been used, how is the remaining guaranty computed?

A. To compute the used guaranty, subtract the amount of realty loan from \$4,000. The sum remaining is the sum of personal property or business loan guaranty available.

Q. Are there any circumstances under which the guaranty may exceed 50 per cent of the loan?

A. Yes. Where a Federal Agency has made or is to make a guaranteed or insured loan for any of the eligible purposes, and the veteran needs a fully guaranteed second loan. This second loan may be fully guaranteed if:

(a) the amount involved is not in excess of the veteran's available guaranty, and

(b) the loan is not in excess of 20 per cent of the purchase price or cost.

Q. May several veterans use the guaranty to acquire property jointly?

A. Yes, but the total amount guaranteed may not exceed 50 per cent of the loan or the total entitlement for guaranty of the veterans, whichever is lesser. No loan may be guaranteed to exceed 50 per cent except a loan secondary to one made, guaranteed or insured by a Federal Agency.

Q. May a lender require security, in addition to the property being purchased, if the lender is not satisfied with the loan without additional security?

A. Yes. This is a matter between the veteran and the lender. The VA does not object to its being given if the veteran is willing to give it.

Q. Is the guaranty or insurance privilege of a veteran restored to its original amount when the indebtedness is repaid?

A. No.

leading contenders for stardom in M.G.-M.

Given a breathtaking beauty in "Technicolor," "Courage of Lassie" has a hauntingly lovely pastoral quality in the episodes showing Miss Taylor and Lassie at play in forests and glades. Fred M. Wilcox has shown sensitivity and discernment in his direction of both his human players and the canine actor to bring forth one of the most touching stories the screen has seen in some time.

Above are some of the men on the Executive Committee of the Bay St. Louis-Pass Christian District of Boy Scouts of America. Standing: Ed Fayard, Octave Delph, Chairman of Promotion; Wm. A. Staehle, Fred Fayard, Scoutmaster of Troop 217; T. T. Robin, District Chairman; Howard LeTissier, Ed Wheeler, Scoutmaster of Troop 208 and Chairman of Training; Tom Karl, Scoutmaster of Troop 208 and Alden Mauffray, Chairman of Camping and Activities. These men had charge of the recent Court of Awards held in Bay St. Louis.

A. & G. THEATER SUNDAY - MONDAY "A STOLEN LIFE"

A twin's love for the same man her sister is in love with constitutes the central problem in Bette Davis' latest starring vehicle, Warner's "A Stolen Life," to play Sunday and Monday at A. & G. Theater. Miss Davis, plays both twins whose love for the character portrayed by Glenn Ford ends in tragedy for one and happiness for the other, and the actress has an excellent opportunity to display her unlimited abilities.

Contains Unusual Conflict

An unusual story, rife with conflict and rivalry, the film is based on a novel by Karel J. Benes adapted by Margaret Buell Wilder and made into a screen play by Catherine Turvey. It presents an acting challenge well met, for the one twin, Kate, is extremely lovable and selfless; whereas Pat is thoroughly hateful and contemptible. Kate loves Bill for his simplicity and modest ambitions while to Pat he is merely another admirer.

Others in a generally excellent supporting cast include Dane Clark winner of the award for this year's most promising young actor, as Kanok, an artist under whose strict tutelage Kate works in an effort to forget Bill; Walter Brennan as a cantankerous New England light-house-keeper; and Bill's best and most understanding friend, Charlie Ruggles as cousin Freddie, the twin's humorous benefactor; and Bruce Bennett, remembered for his excellent characterization of Joan Crawford's husband in "Mildred Pierce," in a dramatic role on which the picture's exciting climax hinges.

With New England as the principal locale, the film's production is distinguished by authentic sets and realistic photography. The picture was directed by Curtis Bernhardt. Max Steiner wrote the picture's original musical score.

Significant Figures on School Enrollment and Daily Attendance

Jackson, Mississippi, Sept. 28 (Special).—J. M. Tubb, State Superintendent of Education, calls attention to significant figures on school enrollment in Mississippi for the 1944-45 school session. During this school year 288,246 white and 270,615 Negro children were enrolled in school. In average daily attendance there were 230,539 white and 218,145 Negro children. The grand total enrollment was 558,861 against an average daily attendance of 448,684.

From these figures, Mr. Tubb states, we find that the difference in total enrollment and average daily attendance was 110,177 for the session of 1944-45. When one thinks about this difference, it is evident that many children are either very irregular in daily attendance or drop out of school.

Various factors affect the holding power of the school or enter into individual reasons or withdrawals. However, the first concern of educational and lay leaders should be the consistent school attendance of all of the children. The purpose of the great public school system of Mississippi and the nation is to provide educational opportunities for all American youth. Mr. Tubb concludes that great efforts should be expended to see that all of the children in each county and separate school district, eligible for school attendance should be encouraged to occupy his or her desk each day of the school year. Now is the time for youth to go to school. If the opportunity is lost, it may not be possible to seize it again.

Pledged To Sororities

Among the two hundred and seventy-five co-eds being pledged by the fourteen social sororities at Louisiana State University were two from Bay St. Louis: Pledging Alpha Omicron Pi was Mary Leigh Weston, and pledging Kappa Kappa Gamma was Shelby Weston.

Pledging ceremonies held last week by the Greek letter organizations marked the end of rush week and officially closed a series of parties, teas and dates among the sororities and new co-eds.

Under the quota system which was initiated a year ago on a five year trial basis by the L. S. U. Pan-Hellenic Council, the governing body for sorority activities, each sorority was limited to 23 pledges unless the membership of the active chapter was less than 37. If the membership was smaller, the chapter was allowed to pledge as many as necessary to bring the total membership, including active members and pledges, to 60.

Other Mississippi girls pledging and their sororities are as follows: Pi Beta Phi: Miriam Kenna, Summit.

Delta Delta Delta: Eleanor Hyde, Poplarville.

Beta Sigma Omicron: Mary Lee Love, Hattiesburg.

Phi Mu: Margaret Pritchard, Liberty; Jane Wilburn, Pickens.

ROCK ORCHESTRA SET FOR GALA SEASON

The St. Stanislaus Orchestra seems to be in fine shape and with plenty of work and cooperation will again be outstanding along the coast. Last year the orchestra was rated as one of ten best school orchestras in the South. It made a fine showing in the Look National Swing Band Contest which was held in New Orleans last year.

The members of this year's swing band are: 1st Alto Sax, Norman Carnovale; 2nd Alto Sax, Marion Wolfe; 2nd Tenor Sax, Arthur Seafide, Jr.; 4th Tenor Sax, J. T. LaNass; 1st Trumpet, Joseph Fasold; 2nd Trumpet, Norbert Carnovale; 3rd Trumpet, Anthony Carter; 1st Trombone, Jack Drescher; Drums, "Johnny" Bonck; Bass, Leon Patten. These players are outstanding musicians picked from St. Stanislaus' fine music department.

Next year, the orchestra hopes to enter a seven piece combo in the Look Contest.

With Brother Romuald's assistance, the orchestra this year expects to be rated the finest in the state.

From where I sit... by Joe Marsh

Going Fishing?
Here's How!

To hear Willie Wells and Basil Strube arguing about trout fishing, you'd think it was more important, than the atom bomb.

Willie favors dry flies, Basil pooh-poohs anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #IX&!!

But on Saturday, each got back from Eagle Lake with a catch that couldn't have differed by more than several ounces!

Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly glass of beer, they allowed as how maybe they were both right... which is how so many arguments should end.

From where I sit, if we all respected one another's different opinions—whether about trout flies, or drinking beer, or voting, life would be a whole lot pleasanter.

Behind that mask of bandage are scars that all the miracles of plastic surgery can't heal. What this wounded veteran needs is understanding and entertainment — a chance to forget the monotony of a hospital bed. The best medicine for him is the laughs and thrills brought by USO-Camp Shows to more than 100 hospitals where wounded veterans still are under treatment. You can help bring men like this back to a happy life by contributing to the USO campaign in Mississippi this month to raise \$170,000 as the state's quota of a national goal of \$19,000,000. Adequate Service Depends on Adequate Earnings

- A** The amount of money paid out to provide telephone service is increasing faster than the amount taken in.
- B** Telephone earnings are the lowest in history.
- C** Reasonable telephone earnings are essential to good telephone service.

Your Telephone Company is doing the largest volume of business in its history, yet telephone earnings continue to decline. The reason is perfectly clear. While your telephone rate has remained the same for many years, the costs of furnishing your service have increased. Wages, telephone materials, building costs, services; all have been going up so fast that—

the amount of money Paid Out to provide service is increasing faster than the amount Taken In. Actually telephone earnings today are the lowest in our history.

It is basic with any business that good service depends on reasonable earnings. To provide good telephone service and to continually improve and expand it, reasonable earnings are essential.

Our public duty demands that we give you these facts.

SOIL-CEMENT

For light-traffic roads and streets, secondary and auxiliary airport surfaces, large auto parking areas

Wherever light-traffic pavements must be built at lowest first cost, it pays to use Soil-Cement.

SERVICE-PROVED. Soil-cement has thoroughly demonstrated its durability and strength under all weather conditions. Hundreds of miles of roads and millions of square yards of airport runways of soil-cement are now in use.

SOIL-CEMENT IS a scientific mixture of portland cement and the soil on the site. Moistened and compacted, it hardens into a strong, durable material highly resistant to sun, rain and frost. First cost is low because soil-cement is about 90% soil. Large areas can be put down rapidly with simple equipment and ordinary labor. Precise but simple methods of laboratory control assure durability.

MONEY SAVING. Soil-cement does for light-traffic what portland cement concrete does for heavier duty—it provides long serviceability at low annual cost. Urge your officials to use soil-cement where light-traffic pavements are needed.
